

STARTING THE CONVERSATION

Planning for the Farm's Future and Yours

PRESENTED BY

The SIU School of Medicine Center for Rural Health and Social Service Development Farm Family Resource Initiative

Considering farming for several more years? Stepping back? Or something in-between? It is estimated more than 70% of the farmland in America will be transferred in the next 15 to 20 years. Planning for that succession is important to you, your family and your farm's future.

JOIN US FOR A DISCUSSION

Tuesday, March 14

Farm Credit
