

# PATHWAYS TO SALUKI MEDICINE

Pathways to Saluki Medicine is a medical based summer camp hosted by the Physiology Department at SIU school of medicine. It is a 5-day overnight camp for any high school student interested in the medical field or biomedical science.

- Participate in fun hands-on learning experiences in anatomy and physiology
- Get a tour of the cadaver anatomy lab
- Learn basic clinical skills
- Get CPR and first aid training
- Learn through case studies using the PBL learning style used by SIU medical and PA schools
- Form a strong knowledge base and connections that can help you in the future
- Interact with healthcare professionals, research scientists, SIU faculty, and current undergraduate, graduate, and medical students
- Visit teaching and research labs
- Learn about different careers in medicine and how to achieve them
- Have fun and unwind with nightly activities such as bowling, visits to the rec center, trivia, movie nights, and more
