

SIX-WEEK INTERPROFESSIONAL PRECEPTORSHIP PROGRAM

The Rural Interprofessional Health Professions Summer Preceptorship is a rural immersion program for health professions students. It is a six-week, paid, full-time shadowing opportunity set in a rural Illinois community.

WHAT TO EXPECT AS A PRECEPTORSHIP STUDENT:

- Complete over 15 days of shadowing in over 10 different hospital departments and/or community clinics in a rural community
- Collaborate with other preceptorship students to complete a Community Service Learning (CSL) Project focused on a real-life community health priority
- Become acquainted with a rural lifestyle
- Gain a better understanding of rural healthcare needs and interventions
- Acquire increased awareness, knowledge, and appreciation for a variety of health profession disciplines

THE EXPERIENCE:

Preceptorship students are exposed to all aspects of a rural community. Students will receive a \$1,500 stipend and, in addition, housing and limited meals are provided by the host sites.

Time is available during the week and on weekends for students to explore the community.

SUMMER 2024 DATES AND LOCATIONS:

- May 20 – June 27, 2024, at KSB Hospital in Dixon, IL
- May 28 – July 3, 2024, at Gibson Area Hospital in Gibson City, IL

Applications will be accepted through Sunday, March 3, 2024.
