

**You have dreams for college.
You are ready to go after them.
But you don't know where to start.**

I've helped students across the country navigate the college application process. And I help students write and edit their personal statement so admissions officers get to know the real you.

My workshop will teach you:

- how to begin your college search and which free tools to use
- what you need to know about yourself to find your perfect college
 - how to write an academic resume/activities list
 - how to get the recommendation letters you want
 - how to approach writing your personal statement
 - how to write "why I want you" essays
 - how to approach scholarship essays

You will also be given a **sample resume** to act as a template to write your own.

This is a free workshop for IL high schools.

It is sponsored by Illinois Area Health Education Center (AHEC) Program.

Join us via Zoom on **Tuesday April 18th, 2023 at 9:00am.**
